

Our faith calls us to cherish every human soul. Each one of us deserves a chance to fulfill our potential, no matter the color of our skin.

Our community has fallen far short of achieving this ideal. Recent events in our city and nation have brought this into sharper focus with a renewed sense of urgency.

We, the Unitarian Universalist Ministers of North East Ohio, call upon all people of faith to engage in undoing racism in new ways. As individuals this may be as simple as learning and sharing the stories of those who have been historically marginalized, or it could be as courageous as joining with our

neighbors and friends who are on the front lines of this struggle.

Feel free to talk to one of the ministers listed below so that we can walk with you as we bend the arc of the universe toward the justice we all seek.

Follow this link to the Central East Region's page to find out how to connect with other UU's and align our efforts:
