## SILENT AUCTION RULES

Some items will be auctioned silently prior to the live auction. Bid sheets and auction items will be displayed at tables around the hall. You may bid on the silent auction items any time after you obtain your bidder number. To bid, simply write your bidder number, name, and the new amount in the next available space. The increments for raising a bid are listed on each individual bid sheet. Be sure to listen for table closing announcements. Bidding will close on some tables before others.

Some items have a "Buy it Now" option. If you choose to skip the bidding and purchase an item at the guaranteed "Buy It Now" price indicated in red at the bottom of the bid sheet, simply write your bidder number and name next to the "Buy It Now" price and take the entire bid sheet to an auction volunteer to prevent further bidding. You may claim your "Buy It Now" item(s) from the tables once Checkout begins.

## LIVE AUCTION RULES

1. High bidder takes the item(s) offered on the "block."
2. The Auctioneer will make clear whether one or more than one item is on the block and whether the buyer is buying all or part of the package.

3. When multiple items in the same package are being auctioned (indicated by the "number offered" entry in your program), the high bidder (or back-up bidder) has the option to take any or all of what's left at the "hammered" price. It is the Auctioneer's discretion as to how to deal with any remainder of the package.
4. The Auctioneer must know that you're bidding to acknowledge your bid. Do what is necessary to ensure that this happens. The Auctioneer has the right to refuse late bids and to set appropriate bidding increments.
5. Determination of the high bidder and backup bidder is at the discretion of the Auctioneer.
6. All items are assumed to be "as advertised," with no further warrantee, guarantee or liability attached unless otherwise negotiated between buyer and seller after the auction.
7. Prices/estimated values on dinners, trips, etc. are per person unless otherwise stated.

**Obligatory Disclaimer:** Every effort has been made to represent items accurately. We apologize for any errors. Packages are subject to change. This catalog is for reference only.

## STATEMENTS

At any time, you can see and print your statement, including purchases, payments and donations at [www.togetherauction.com/kentuu](http://www.togetherauction.com/kentuu). Login using your phone number. Your PIN is defaulted to the last four digits of your phone number.

Updates are real time as items are closed and entered. We encourage you to review your statement for any issues or discrepancies ahead of checkout on your smartphone or tablet.

## CHECKOUT

Items you have purchased and bids you have won will be summarized on your statement, payable this evening, with cash, check, credit card or gift certificate. Checks save the Church a credit card processing fee, but plastic works too. We accept Visa, MasterCard, Discover, and American Express.

Don't forget to pick up your silent auction purchases before you go home, including gift cards, vouchers, and certificates.

## EVENT REMINDERS

One week prior to any event on the auction calendar, an automated email will be sent to the donors and winning bidders to remind them of their upcoming event.

Of course, at any time, donors and bidders can access their statement online at [www.togetherauction.com/kentuu](http://www.togetherauction.com/kentuu) to see when their events are, who is coming, and contact information.

**H1 Mason Bee Home**

This is a one-of-a-kind offering brings together several of our values: inter-religious appreciation, recycling, gardening, bugs, etc. Andrew Rome has constructed a mason bee home out of recycled materials. The roof is salvaged from a 100+ year old chestnut board, used for decades as a pew kneeler at the St. George Catholic Church in Cleveland. What is it for? Honey bees are good and all, but the real ecosystem work comes from our native, wild, solitary bees, roaming free. Mason bees live a year, laying eggs in a 5/16" hole which they seal with mud. In Springtime, they emerge, happily pollinating, spreading the love. You don't have to do anything! Just put this odd little box outside in the shade. The little buggers will move in, make a home, grow up, move out. Use it to support your native prairie garden or to create a little habitat all on its own. So awesome.
